OBJECTIVE

Enthusiastic and creative information technology student with a passion for game and web development, seeking an internship where I can apply my knowledge of programming languages and game design principles. Eager to contribute to innovative projects while further enhancing my skills in a collaborative environment.

WORK EXPERIENCE

TEACHING ASSISTANT & FRONTEND DEVELOPER

- Teaching assistant at Kmin Academy in front-end development and Back-end development including HTML, CSS, Javascript/Typescript, and ReactJS.
- Prepare learning material, send feedback, and help improve student coding skills.
- Design and develop a quiz website for students using React Typescript.

FULL STACK & UI DESIGN

- Making startup Fya website - A platform that helps brands and agencies create landing pages. Help agencies and brands easily collaborate.
- Build a management system and responsive website

FOUNDER & GAME DEVELOPER

- Releasing my first-ever indie game called Shape on Steam.
- Currently working on some game projects and still updating on Instagram call @BrightStdio.
- Researching and making game mechanics and adding features to the game.

TEACHER ASSISTANT

- Prepare learning material, sharing game experience with student
